Welcome!

Dear Friends and Colleagues

We sincerely welcome German doctors and wives to the beautiful City of Tokyo, Japan for the 8th Triennial Meeting of the German-Japanese Confederation of Urology. This 8th encounter will once again bring together top urologists both in Germany and Japan. Three years ago we met in Munich, Germany, and March in the year of 2007, we meet again in Tokyo. Now we gathered 36 papers from both countries for the Meeting. We could ensure that the General Meeting continues to provide an unparalleled opportunity to update our knowledge, share scientific expertise and renew friendships.

Moreover, the gorgeous city of Tokyo will provide you the ideal setting for this meeting. After Tokyo Meeting, you will visit Kawaguchi-ko and Yaizu. In Kawaguchi-ko, magnificent Mount Fuji can be viewed while bathing in a hot bath. You can see a large fish market in Yaizu and will be able to see cherry blossoms if you are lucky enough.

We would like to thank you for your support of the 8th Triennial Meeting of the German-Japanese Confederation of Urology and wish you an enjoyable and informative visit to Japan.

With warmest regards,

Tadaichi Kitamura, MD, PhD
